

GU10 FRAMES

Spot luminaires are available in a variety of colours and shapes to ensure the widest possible range of applications. Swivel head and fixed frames are available to meet all application needs, making them a suitable alternative to conventional solutions when combined with our LED spot light sources.

SPOTS

Spot lamps can be recessed into suspended ceilings and can be fixed easily. The internal part of the frame can be tilted, thus the light of the installed lamp can be directed in the preferred angle for maximum light utilization. Its light is directed, it is emitting light at an angle of 38° in a focused way. It is also ideal for lighting up narrower spaces, including kitchen counters and cabinets with a mirror. Spots are available in both round and square shapes.
