

kronoXonic

[®]
Krono
Original
kronoXonic

www.krono-original.com

Ideal for residential and commercial projects

A 30-year residential and 5-year commercial warranty, extremely durable, the highest Utilization Class 34, dust and dirt repellent, maximum plank stability with low expansion and Top Clic locking system

Ideal for kitchens, baths and vestibules

100% waterproof, A.B.C. Anti-Bacterial Coating, impressive walking and impact sound insulation, high load bearing capacity, beveled edges, authentic surface texture

Ideal for do-it-yourselfers

Top Clic for fast, simple and secure installation. Easily cut to length with a carpet knife.

Ideal for renovations

The low height (4 and 5 mm) means that doors do not need to be shortened. Underlayment is unnecessary and underlying tiles do not telegraph through.

RO13 Sandstorm

Ideal for
kitchens,
baths and
vestibules

You'll love our floors. Easy installation, an A.B.C anti bacterial coating, a Microscratch Protect surface and an Authentic Embossed structure are just a few of the benefits of Krono Original® floors.

* Statement on level of emission of volatile substances in indoor air posing a toxic threat during inhaling – on a scale from A+ (very low-emission) to C (high-emission). Detailed information: www.eurofins.com/france-voc

Krono Original® floors are tested, certified and versatile.

30 years
guarantee

Warranty All Krono Original® floorings have been put through intensive testing, in order that they conform to international quality standards. Therefore, we provide a comprehensive warranty on all our products. You may rest assured that irrespective of your choice of floor, it will be simple to care for and furnish you with many years of satisfaction.

integrated
silence pad
↑ 4 + 1 mm

Walking and impact sound insulation All 5mm Krono Xonic floors have integrated sound insulation. This reduces impact sound, echoes and vibrations, and ensures comfortable room acoustics with enhanced walking comfort. No additional underlayment is required, which saves time and money. And in addition, these floors are ideally suited for use with underfloor heating.

stain/imprint
resistant
resistant

Stain and imprint resistant You can relax, as even the most problematic of stains caused by red wine, oil, coffee or nail varnish can be removed easily. Krono Original® floorings are also unbelievably abrasion-resistant and durable. It has been proven that they number among the toughest products currently on the market. Even the heaviest furniture does not leave any indentations (please use felt pads and in the case of swivel chairs, soft casters).

top clic

Top Clic The Krono Original® Top Clic system has been specially designed to ensure that the laying of your vinyl flooring is as simple and effortless as possible. The Clic profile flush links the individual panels in a quick and uncomplicated manner that is also form locking.

R9
anti-slip class

Anti-slip class Safety is one of our major priorities. Accordingly, as a result of specially developed structures with an anti-slip class rating, the demands made on flooring in work-rooms and working areas subject to an increased danger of skidding are taken into even greater account.

Anti Bacterial
Coating
A.B.C.

A.B.C. Anti-Bacterial Coating Keeping your flooring as clean and free of bacteria as possible is naturally a major concern. The Krono Original® A.B.C anti-bacterial coating deprives bacteria of a breeding ground and provides you with the peace-of-mind that derives from having healthy surroundings.

microscratch protect

Microscratch Protect The extremely robust surface safeguards your flooring with even greater certainty against the micro-scratches that can be caused by mechanical loads.

60
different panels

high resolution

digital design

Digital Design Experience precise design in first class HD quality. Modern printing ensures razor-sharp resolution and brilliantly stylish patterning. As a result of printing diversity, up to sixty differing panels per design are possible. This lends your flooring an authentic appearance that is virtually free of repetition and close to nature. Truly eye-catching!

23

For intensively used living areas For example landings, entrance halls, hobby rooms, kitchens, etc.

34

For flooring subject to intensive use in commercial premises For example stores, restaurants and workshops, etc.

* 30 year residential and 5 year commercial warranty according to our terms of guarantee

kronoXonic

First class flooring with a guarantee

Krono Xonic was subjected to long-term, comprehensive testing and we are proud of the results. These not only relate to quality and userfriendliness but with the vinyl itself, directly to its impact on the environment. Krono Xonic can be fully recycled. Ten international patents protect the product design and technology.

Quality ³

Years of development work have paid dividends, as with Krono Xonic we are able to offer a genuinely high-tech article that is more scratch-resistant and robust than most other floors and is naturally 100% waterproof. Consequently, Krono Xonic represents a new generation of vinyl flooring that provides an impressive combination of the advantages of synthetic material with the aesthetics of parquet flooring. It stands out due to an authentically natural look and maximum abrasion resistance class. Indeed, Krono Xonic is the only vinyl flooring in the Utilization Class 34 and is perfect for any setting including commercial premises, bathrooms, kitchens and entrance halls.

Structure

Stable in
every
regard

RO24 Rocky Mountain Way

1. Stable in every regard

The core of Krono Xonic is formed by a hard panel that offers easy installation, and in combination with the proven Top Clic system, furnishes excellent stability:

- New generation rigid vinyl flooring: no softening agents or toxins, no panel shrinkage
- High level of dimensional stability, very minor thermally induced dimensional changes
- Easiest click vinyl on the market to install
- No telegraphing

kronoXonic

You have the choice.

HD digital printing gives unique pattern definition and impressive 3D optics. You can select from an extensive collection of pattern variations ranging from modern to classic to rustic.

R015 Columbus

A photograph of a modern living room. The room features a large window with a view of a landscape, a wooden coffee table with a bowl of fruit, and a wooden floor. The room is bright and airy, with a chandelier hanging from the ceiling. The coffee table is dark wood with a glass top, and the floor is made of light-colored wood planks. The window has a dark frame and a view of a landscape with trees and a building in the distance. There are several lanterns on the windowsill.
